

## President of College Is to Make Address

Commencement Speaker Is Same Man Who Spoke Twenty-five Years Ago.

### Class Ten Times as Large

Mr. Lamkin, in 1918, Then State Superintendent of Schools; Spoke on Call to Serve.

President Uel W. Lamkin of the Northwest Missouri State Teachers College has been invited to make the commencement address to the graduating class of the college on Tuesday morning, May 18, at 10:00 o'clock, in the auditorium of the Administration Building.

Mr. Lamkin is being "invited back" after a period of twenty-five years. In 1918, Mr. Uel W. Lamkin, Superintendent of Schools of the State of Missouri, addressed the graduating class of that year.

It was a war year, as 1943 is now a war year. His address in 1918 was "A Call to Service." His subject for 1943 has not been announced, but with conditions in the two years similar as they are, it might be conjectured that a similar topic will be chosen. The 1918 address, with the men already in service or joining up, was directed largely to women telling them of the opportunities that were being opened up to them and urging upon them to accept the responsibilities along with opportunities.

In 1918, Mr. Lamkin addressed a graduating class of 14; in 1943, the class will be approximately ten times as large. The 1918 class was the second degree class to be graduated; the 1943 class will be the twenty-seventh.

The members of the 1918 graduating class were Ruth Beggs, Moberly; Mary Carson, Cameron; Katherine Carpenter, Maryville; Blanche Daise, Graham; Mrs. Dora Etchison, Pattonsburg; Ruth Foster, Maryville; Lisle Hanna, Pickering; Nina Bent, Maryville; Myrle Converse, Maryville; Martha Denny, Maryville; Verne Pickens, Maryville; Anne Sillers, Fairfax; Fannie Esther Wilson, Cameron; Beatrice Sewell, Maryville.

## College Students Act as Hostesses

Mr. Somerville Manages All Room Assignments for Victory Lunch.

College students served as hostesses in the rooms where the visiting high school seniors ate their Victory Lunches. They were selected by Mr. Leslie Somerville, who had charge of arranging of rooms for the lunch hour.

Craig and Westboro seniors ate in Room 103, with Alice Hansen as hostess. Graham and Clarksdale students shared Room 119, with Virginia Scott as hostess.

Pattonsburg, Burlington Junction, Oregon, and Essex, Iowa, seniors ate together in Room 318, with Alice Eden in charge. Kay Stewart was hostess to the students of Barnard and Fairfax in Room 224.

Stanberry and Conception students were in Room 327, with Betty Jennings as hostess.

Maryville, with the largest group of seniors attending, had Room 207, with Jean Stewart serving as hostess. Virginia Culver was hostess to the seniors of Gilman City and New Point in Room 122.

Conception Junction and the Horace Mann High School seniors had their lunches together in Room 205, with Betty Scott as hostess. Alice Eberle was hostess in Room 226 to seniors from Pickering and St. Benedict's at Clyde.

Lola Millon, in Room 120, was hostess to Agency, New Hampton, and Harmony seniors. Seniors from Quitman and Sheridan, and Rosendale ate in Room 121, where Marie Gilliland and Helen Mundell were hostesses.

Hopkins and Forest City seniors (Continued on Page Four)

## Miss Dow Returns From Four-day Trip to East

Miss Blanche Dow of the faculty returned last week from a four-day trip to New York City.

Miss Dow attended the semi-annual meeting of the National Committee on Membership and Maintaining Standards of the American Association of University Women. The committee worked on the curricula and catalogues of the association. They made a study of the institutions which have applied for recognition of the A. A. U. W. on the basis of requirements and also of the maintenance of standards of institutions which have met the approval.

While in New York, Miss Dow saw a striking production of Thornton Wilder's "Skin of Our Teeth," with Tallulah Bankhead. "One does not find the usually brightly lit 42nd Street," Miss Dow said, and explained that because of the New York black-outs one could hardly tell when one had arrived at a theater.

Miss Dow said that her train was quite crowded with soldiers en route East. She was forced to stand part of the time.

## Dance Club Gives Recital Tomorrow

Will Present Full Evening's Program of Original Dance Numbers.

The Sixth Annual Spring Recital of the Dance Club will be held tomorrow night at 8:00 o'clock in the College Auditorium. The Dance Club is under the leadership of Miss Winifred Ann Carruth, head of the Women's Physical Education Department.

The program will be divided into two parts. The opening number will be "Salutation." The music for this dance was composed by Miss Dorothy Steeby, accompanist for the Dance Club.

"Salutation" will be followed by "Design for Two," and "Rhythmic Design."

A series of four solo dances depicting the various moods of a woman will be presented. They are "Impertinence," danced by Emma Ruth Kendall, "Flirtation," by Emma Poston, "Princess," by Betty Drennan, and "Patterned After a Woman's Mind," by Betty Steele. The music for the latter number was composed by Miss Alice M. Isley of the music department.

A humorous trio number, the "Harmonica Player," will be presented by Connie Curmutt, Charlene Hornbuckle, and Betty Chaves.

The last number of the first part of the program is "Conflict of Emotions," which contrasts a person of strong emotions against one of weak emotions. The choreography for this dance was done by Miss Harriett Harvey, a senior member of the Dance Club.

The second portion of the program will follow a general theme of "The World at War." The first number after the intermission will be "Lament for Freedom," followed by "Mobilization" and "Prayer for Peace."

A "United Nations" suite will follow. The first allied nation to be portrayed will be Mexico, featuring Harriett Harvey and Emma Ruth Kendall as soloists.

South America and England will follow in turn. A Russian number, featuring Betty Steele as soloist, will then be presented.

The last number in the suite will be in honor of the United States.

The final number of the entire program will be "Let Freedom Ring," featuring the entire group with Harriett Harvey as soloist.

The Dance Club will be assisted by the Folk Dancing Class and Miss Maxine Williams's Square Dancing Group.

Members of the Dance Club are Emma Ruth Kendall, Maxine Hoereman, Betty Drennan, Emma Poston, Betty Steele, Betty Jo Thompson, Anna Ruth Steele, Marjorie Neal, Connie Curmutt, Betty Chaves, Jean Hefflin, Charlene Hornbuckle, Hazel Ebersold, Alice Noland, Dorothy Colie, and Harriett Harvey.

There are 670 windows in the Capitol at Washington.

## Eight Delegates Attend Conference

Mississippi Valley I. R. C. Meeting at Indianola. Well Attended.

Six students and two faculty members started for the Mississippi Valley International Relations Conference at Indianola, Iowa, shortly before five a. m., Friday morning. Sue Moore, Rachael Taul, and Ruth Woodruff were in Dr. Foster's car while Margaret Hackman, J. Dougan, and Johann Saemundsson rode in Dr. Dildine's car.

There were approximately 150 delegates at the two-day conference, April 9 and 10. Students and faculty members from Iowa, Kansas, Minnesota, Missouri, North Dakota, South Dakota, and Nebraska attended the conference of which Miss Amy Hemingway Jones, Carnegie Endowment Representative, was director.

The purpose of the conference was to create an intelligent approach to questions that will confront college students when the war ends. Special emphasis was given to the problems of the conference.

Special speakers included Dr. Clyde Eagleton, professor of international law at New York University, who spoke at the luncheon, Friday about "Forces Leading to Future International Organization," and William C. Johnstone, dean of the faculty of George Washington University, and a noted authority of Far Eastern affairs, who addressed the conference immediately following the banquet Friday evening.

Topics for the round table discussions included: Leadership in the post-war world—the United States and England, China's three-year plan, Russia and Germany in post-war settlements, Economic adjustments after the war, Realignment of Natural boundaries in Europe and colonial possessions, the Atlantic Charter, Political world organization—can we have a federal union, Canada as an American neighbor, and Japan's new order.

## Swimming Club Gives Senior Day Exhibition

The Ninth Annual Senior Day Swimming Exhibition was presented by the Sigma Phi Swimming Club, Monday, April 12. They were assisted by the Beginning Swimming Class, and the Stunts and Tumbling Class. Miss Maxine Williams is director of all three groups.

The program included a turtle race, exhibition of tandem, strokes such as crawl, life saving, pyramid building, stunts, formations, and a reading race.

Those taking part in the exhibition included Alice Noland, Lorine Norris, Hazel Ebersold, Jennie Rose Bennett, Bettie Claire Wallace, Betty Lou Yeo, Hattie Archer, Darlene Beck, Marjorie Hart, Farley Myers, Mary Marie Smith, Lorene Stafford, Ellen Margaret Graham, Margaret Baker, Phyllis Jean Price, Betty Gay, Mary Uhlig, Bill Osborne, K. R. Pierpoint, Bob Richardson, Blaney Durland, Bud Basford, Ed Stevenson, Dwight McDonnell, and J. K. Hill.

Twenty-five University of Texas faculty members have been assigned to duty as instructors for the new naval aviation preparatory school at the university.

## Truth Shall Make You Free

## Miss Steeby to Give Senior Voice Recital

Dorothy Steeby, Amity, will be presented in her senior voice recital by the conservatory of music Tuesday, April 20, 8:15 p. m., at the Horace Mann Auditorium. Miss Steeby, who is a contralto, has been a student of Mrs. Hazel Carter.

Mary Ellen Tebow, with the string ensemble which is directed by Miss Ruth Nelson, will assist Miss Steeby by giving two violin selections. They are "Concerto in C Major" and "Allegro Moderato."

Miss Steeby will open the program with two Handel selections, "Oh, Sleep! Why Dost Thou Leave Me?" and "Air—Care Salve" from "Atlantia." She will then sing German songs, "Wohin?" by Schubert and "Sapphic Ode" by Brahms.

After the ensemble selections, Miss Steeby will give a variety of folk songs. They will be "Kitty of Coleraine," Irish; "Oh, Didn't It Rain," Negro; "I Don't Wish to Marry," Spanish; and "O Danny Boy," Londonderry Air.

The program will end with a group of more familiar classical numbers. They are: "Since First I Met Thee," Anton Rubinstein; "Take Joy Home," Karolyin Wells Bassett; "To the Children," Serge Rachmaninoff; and "April, My April," Harold Vincent Milligan.

Miss Bringham Brings Seniors Miss Mildred Bringham, brought eleven seniors to the College for Senior Day on Monday. She is superintendent of the DeKalb High School, teaches English and Dramatics, and sponsors the Senior Class and all the extra-curricular activities. Miss Bringham received her degree from the College in 1940 with a major in English and a social science minor.

Although Maxine French is a senior from Maryville High, Senior Day marked her first visit to the Residence Hall.

## New Engineering Class Will Be Soon Organized

Mr. Donald Valk announces that a second class in engineering drawing, topographic drawing, or surveying will be organized if there is sufficient demand. These classes are open to men and women who are high school graduates and to college students who will terminate their work during the spring, summer, or intersession terms.

The courses are offered in cooperation with the United States Office of Education and are provided for Civil Service and War Industry employment. There is no charge except for small supplies. The courses run for 16 to 18 weeks, meeting two nights a week, but can be accelerated under certain conditions.

An organization meeting will be held at the Industrial Arts building, Thursday, April 15, at 7:30 p. m. All interested persons should attend this meeting as classes will not be organized unless there is sufficient demand. Classes will be arranged according to the needs presented and complete information will be available at the first meeting.

## P. J. Jantze Is Now at Fort Monroe, Virginia

P. J. Jantze, Jr. who has been advanced to fifth technician in the army, visited his parents from April 5 to 8 in Maryville. He has been stationed at Camp McQuaide, California with the coast artillery.

While visiting in Maryville, he was using a four day travel delay which was granted him enroute to Fort Monroe, Virginia. Upon his arrival there he will study to be an electrician specialist. Mr. Jantze was a student of the College until December when he left for the armed forces.

## Four Scholarships Open to Musicians

High School Seniors May Take Examinations on Saturday, May 1.

Four music scholarships will be awarded by the College to graduating high school seniors on the basis of examinations to be conducted here on Saturday, May 1, beginning at 9:00 a. m.

The scholarships will award 180 lessons to the four persons who seem to show the greatest promise as indicated by the quality and versatility of their musicianship, their high school scholarship record, and the results of the examinations conducted by the faculty of the Conservatory of Music.

The examinations will include performance in one or more fields, as the applicant chooses, an interview, a test in simple music theory, and a questionnaire. The music to be performed will be of the applicant's own choice.

Winners of last year's music scholarships were Mary Ellen Tebow, Maryville; Dean Steeby, Amity; Kenneth Rogers, Cameron; and Lloyd Graham, Maryville.

## Registration on Monday Will Begin Short Course

Registration for Spring Short Course will be Monday, April 19, according to Mr. R. E. Baldwin.

Courses as outlined in the Short Course schedule are those which the faculty believes will be most in demand by students who come for work at this time. A large variety of courses is being offered. If for any reason classes which are not listed will be needed, these classes will be organized if there is sufficient demand for them, it has been announced.

Mr. Baldwin said that people who teach in 8-month schools have an opportunity to earn 20 hours if they attend short course, the summer quarter, and the inter-session. This, he mentions, would be quite an increase to the total number of hours which the student would have.

Short Course will give those people who are not prepared to teach an opportunity to prepare them the emergency which is arising. There is a shortage of teachers, and if these people will prepare to teach, it will help in this national emergency.

## Student in Service Keeps Interest in Aquatic Life

Paul Carson, a former student of the College, is now located at Aberdeen Proving Grounds, Maryland. He writes that his opportunity to see life in the country round about is slight, as he is kept busy.

Following an interest he had while in college, Corporal Carson is visiting museums whenever possible, to see marine exhibits. Speaking of the Museum in Washington, D. C., he says, "They have the best invert material I have seen, including sponges. Chicago still has the edge on the marine exhibit though." He writes to ask Mr. W. T. Garrett to tell him of places where he can "see any amount of aquatic life (invert primarily)" when he gets a 3-day pass, as he hopes soon to do.

## Quota for April Bond Drive Will Be \$20,000

Mr. Harold Neece, chairman of the Committee for the College in the War Bond Drive for April, announces that the quota for the College will be \$20,000. Both students and faculty members who buy bonds and stamps during April will contribute to this fund.

The Nodaway County quota calls for nine and a half times as many bonds to be sold in the county as have been sold in the past six months, according to reports from the banks.

The plan of the committee is to sell stamps in the College book store. They will also solicit the sale of bonds to the faculty and the students.

"If a student or faculty member subscribes to the 'Buy a Bomber Campaign,' the money will be counted on the April quota," says Mr. Neece. No one is required to buy the bond in any special place, but everybody will be urged to buy.

The committee in charge of the drive will take the money and deliver the bonds if the buyers find it more convenient for them to do so.

## A. A. U. W. Honors Woman Scientist

Dr. Florence Seibert Gets Achievement Award for Tuberculosis Work.

Yesterday—April 13, 1943—there was conferred a new honor on a woman already internationally known for her research on tuberculosis, Dr. Florence Seibert, distinguished bio-chemist, and associate professor of the Phipps Institute in Philadelphia. She received the "\$2,500 Achievement Award of the American Association of University Women."

Presenting the Achievement Award was Dr. Kathryn McHale, General Director of the A. A. U. W., who has appeared as a speaker from the platform of the auditorium of this college. The ceremonies took place yesterday afternoon in Philadelphia.

The citation for the award was written by Dr. Helen White, national president of the A. A. U. W., and professor of English at the University of Wisconsin. In part her citation says:

"Your studies at Yale on bacterial and protein fevers and on the pyrogens in distilled water revolutionized existing ideas on intravenous injections and have been of value ever since in preventing febrile reactions to intravenous medication. Your patient and phenomenally skillful researches on tuberculin accomplished for the first time the crystallization of the protein in tuberculin, and made possible further study from both the chemical and the biological point of view of that vital weapon of the war on tuberculosis. You yourself established standards for tuberculin and the measurement of its effectiveness. You prepared the standard for tuberculin for the League of Nations and so put the whole world of the exposed and suffering in your debt."

Dr. White also explained the new Achievement Award, which was (Continued on Page Four)

## Miss Henry Works for Amertorp Corporation

Miss Doretha Henry, a graduate of the college and former secretary to the Board of Recommendations, writes that she is very busy at her work in the Amertorp Corporation in Chicago. She has just received a promotion.

Miss Henry's work is with a torpedo construction company. She has now two assistants on the transportation end of her job. Until a short while ago, Miss Henry was handling all the transportation problems of the company herself. Her assistants now handle all of the routine work and she takes care of the correspondence. "With my five other committees," she says, "I am kept fairly busy most of the time."

## Seniors From High Schools Come for Day

Faculty and Students of College Play Hosts to Visiting Young Folk.

### Day Is Full for Everybody

Victory Lunch at Noon and Dance Hour Add Informality and Chance for Fun.

More than 1000 high school students from the counties of Northwest Missouri and Southwest Iowa—all members of the graduating classes of their respective schools—took over the College campus on Monday. It was an important day for them, for they felt themselves very much a part of the College, the college that for some of them will become their Alma Mater.

They were met when they arrived and asked to register. They were given programs, badges, stickers, and whatnot. Guides then took them for a tour of buildings and grounds.

The tour had been planned so that time could be spent in various departments which had prepared special exhibits or demonstrations. There were too many things to see; the guides had to hurry the seniors along in order for them to get a general view of the college before they went to the assembly for the morning program.

Insert in Seniors From—after par 3 Mr. Joseph W. Hake of the Physics department, in the absence of the president of the college and the dean of the faculty, presided at the morning program. He called upon Mrs. Jewell Ross Davis to introduce the visiting schools.

At the morning program, which was prepared and presented by members of the College faculty, Miss Dora B. Smith was the speaker. Miss Ruth Nelson, accompanied by Miss Alice Isley, played a violin solo preceding the address of the morning. Mr. Virgil Farman sang two numbers to close the formal part of the program.

Then came the lunch hour. It was a Victory Lunch—that is the visitors brought their own food and the College provided drinks and a place to eat. Many college students assisted during the lunch hour.

For those who like to dance, Miss Ann Carruth had with a group of college students, planned for a social hour of dancing following the lunch. Music was furnished by the combination radio from the Student Center. The dancing took place in what is familiarly known as "The Old West Library, Room 114."

The afternoon program, given at two o'clock, was prepared by the college students under the sponsorship of Miss Estella Bowman and Mr. Reven S. DeJarnette, of the English and Music faculties respectively. With this program the planned activities of the day closed.

## League Announces Programs for Next Weeks

The students in the Epworth League of the Methodist Church are centering their programs for two Sundays on biographies of famous, religious-minded people who have contributed greatly to mankind.

Last Sunday night, April 11, George Washington Carver, noted Negro scientist was discussed. Clyde Saville and Buford Elliott were the program leaders. Next Sunday night, April 18, following the fellowship supper at 6 o'clock, Ruth Noll and Shirley Kline will have charge of the Epworth League program, the theme of which is "Schweitzer, Missionary to Africa."

On Easter Sunday night, a special Easter program will be presented under the leadership of Wayne McQuerry and Robert Stelter. Plans are also being made for the annual Easter Sunrise service and breakfast for all Methodist young people and their friends. A joint committee of members from the College Age League and the High School League are working on this program.

## Had a Farm, Ee-i, oh!

Ration points, ceiling prices, non-shipment of supplies, and other war circumstances may cause many a family at least temporarily to tighten its belt, but some of the professors at the College will be much more fortunate. Many of the professors are planting victory gardens, but one of them is another step ahead. Coach E. A. Davis has a farm!

Virtually in the center of the city of Maryville, Coach Davis has started a farm which will make him almost self-sustaining so far as food is concerned. The first part of the farm comprises a garden which covers an acre of ground. Mr. Davis has planted all kinds of vegetables

in the garden. There is also an orchard. The trees have been ordered, but have not arrived yet. They will include apple, peach, plum, apricot, and cherry trees. Already red raspberry and strawberry plants have been set out. For almost anyone this would be a super victory garden, but Mr. Davis has much more.

The rest of the farm contains chickens, a cow, and nine hogs. It seems that only one thing is amiss. This farm has no horse. Mr. Davis says the work is not hard, and so far he still has gasoline coupons. Really, therefore, he has no need for a horse, because—he has chickens and nine hogs.

## Statistics for Day

Statistics for the Senior High School Day show that gas rationing did not have as marked an effect upon numbers as had been anticipated by the committee in charge of plans. The total number for the day, as nearly as can be computed at this date, is 1097. "Not bad at all," was the comment frequently heard.

Albany had the largest delegation of any school coming from a distance. Sixty people, coming forty miles, represented that high school.

Maryville, as was to be expected in that no mileage problem con-

fronted the local high school, topped the list with 70 seniors at the College for the day. Nodaway County furnished 292 of the more than a thousand seniors here.

Avalon, with seven seniors, holds the record for coming the greatest distance. These students drove 125 miles.

An even one hundred people came from Iowa towns. Of that group, College Springs and Essex tied for first place in number of people coming. Each had 18 seniors here. Conway seniors did not arrive until noon, but got here in time to be counted.

Without sacrificing editorial independence or their right to make independent judgments, editors and staff members of this newspaper agree to unite with all college newspapers of the nation to support, wholeheartedly and by every means at their command, the government of the United States in the war effort, to the end the college press of the nation may be a united voice for Victory.

**THE COLLEGE OATH**

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to inculcate a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us.

**TO HIGH SCHOOL SENIORS**

High School Seniors, you came to the College for the annual Senior Day and had an opportunity to visit the various departments and buildings of the College, to watch exhibitions, and to be greeted by and become acquainted with various faculty members and students.

Perhaps back in some of your minds was the question, "What does College mean to these students?" College means the broadening of one's point of view, the gaining of knowledge in varied fields of study and then specializing in the field or fields in which one is most interested and most capable. It means the association with many fellow students with as many varied personalities and interests so that one becomes conscious that there are many other things and beliefs worthwhile besides those one has. Participating in extra-curricular activities for the sheer enjoyment and intellectual growth afforded by participation is one of the opportunities afforded by college life. Associations with members of the faculty in the classroom and outside of the classroom is one of the great opportunities the student enjoys. The faculty members stimulate one to think and question one's own attitude and to look forward to goals which they help one to reach.

Besides attending classes, studying, and actively participating in extra-curricular activities if one chooses, the student has the opportunity to become acquainted with great art and artists through such means as major entertainments at which are presented, for example, a well-known dancing team, Twelfth Night by experienced performers, philharmonic orchestra, and the like. Weekly assemblies bring to the student body prominent and well-informed lecturers and also programs presented by certain members of the student body or by organizations.

Formal and informal dances and teas are a part of the social life students in college have the opportunity to enjoy. One could go on and enumerate the pleasure and satisfaction college life gives to a student. One who takes his college life seriously is doing his part in the war effort just as much as a defense worker or one in active service. College can mean all this to you, too.

**Quotable Quotes**

"Lord Northington said in 1765, when the gout caught up with him: 'If I had known that these legs of mine were to carry a lord chancellor, I would have taken better care of them when I was a lad.' If I had known that this head of mine was to be used by a university president, I would have tried to get some education when I was at Yale. One of my predecessors often talked about education as a substitute for experience. I have substituted experience for education. Still, 20 years is 20 years. The greatest of Greek sages used to say that the opinions of the aged deserved respectful attention. They might not know very much; but, after all, they had been through a lot. Robert Maynard Hutchins, president of the University of Chicago.

**From the Dean**

Graduation from high school is a distinctive achievement that carries with it obligations to those who have made it possible for young men and young women to attend high school. These obligations may be repaid by doing the work that lies ahead with equal distinction. The high school graduates of 1943 will assume this responsibility and make good. This College is proud to welcome the High School Class of 1943 to give a life of service.

—J. W. Jones

**GRADUATES ELIGIBLE TO A. A. U. W.**

Every woman who is a graduate of the Northwest Missouri State Teachers College is eligible for membership in the American Association of University Women. This means that her degree is considered to be on a par with degrees from all of the great universities and colleges of this country and all other countries of the world, for the A. A. U. W. is a member of the International Federation of University Women.

Evidence of the importance of the work of the organization to which the women graduates of this college are eligible is to be found in another article in this issue of the Northwest Missourian, the article headed "A. A. U. W. Honors Woman Scientist."

Besides giving such awards as this one, the A. A. U. W. gives many fellowships to help its members to do advanced study. The opportunity to secure these fellowships is open to graduate women of this College on the same terms as they are open to graduates of any other colleges or university on the approved list of the A. A. U. W. They must give evidence of their worth in scholarship.

Pi Gamma Mu, national social science honor society, held its first meeting on the campus, July 29, 1927.

The "M" Club was organized during the winter quarter of the school year 1921-22.

The forerunner of the Tower, College annual, came out in 1908. It was entitled "Football Souvenir of 1908." Mr. George H. Colbert has a copy of it.

"The Morehouse Cane" came to the College from Nathaniel P. Sisson, April, 1931. The cane belonged to Governor Albert P. Morehouse, governor of Missouri upon the death of Governor Marmaduke in 1887.

**BULLETIN BOARD**

**Use of Student Center**

All organizations who wish to make requests to the Student Senate for the use of the Student Center or for the combination radio must fill out request blanks which will be read at the Senate meeting.

These blanks are to be obtained from Hattie Houpp who has charge of keeping them. Those who are given the use of the combination radio must pay a \$2.00 deposit to Hattie Houpp.

**College Pins**

Official College pins—10 K gold "Tower" pins—may be secured for \$4.75. Special "M" guards may be had for \$2.40.

The "Tower" pins, which may be worn only by graduates, may be ordered through Miss Mabel Clair Winburn, secretary to the president.

**Notice**

**Music Minors, Third Notice**  
Will all music minors who have not yet reported, please see me at once in Room 301E.  
Reven S. DeJrnette.

Frank Dixon, New York University miler, is rated as the best Negro distance runner of all time.

**What Your Senate Does**  
**OFFICERS**

Barbara Kowitz ..... President  
Eddie Johnson ..... Vice-President  
Mary Hartness ..... Secretary  
Gordon Overstreet ..... Treasurer  
Rachael Taul ..... Parliamentarian  
**Class Representatives**  
Senior Senators—Mary Hartness, Gordon Overstreet, Rachael Taul, and Wanda Cox.  
Junior Senators—Elaene Gorsuch, Paul Smith, Paul Baldwin.  
Sophomore Senators—Eleanor Peck, Wayne McQuerry, Lynn Wray.  
Freshman Senators—Mary Rose Gram and Jack Carson.

**Business Meeting, April 6**  
A request from Elaine Gorsuch was read which asked for the use of the combination radio on April 12 for the dance to be given at noon for the visiting high school seniors. A request for the use of the radio on the night of April 17 was read. Both requests were granted.

A request for the divans, and chairs of the Student Center to be moved to the Horace Mann Building on Monday, April 12, was granted.

Bills for two twenty-five-cent magazines and for records for the Student Center, amounting to \$2.25 were presented and allowed. Discussion on the matter of moving a piano to the room adjoining

the Student Center was had. Rachael Taul again reported on the plans of the committees in charge of redecorating the Student Center and the plans were discussed by the Senate.

Gordon Overstreet gave a report on the Senate's bank account and also reported that all Senate members were to come to the President's Luncheon Thursday noon.

Before adjourning, the matter of repairing the drinking fountain was discussed.

**Special Meeting, April 9**  
A special meeting was called by Miss Kowitz at which meeting members discussed and proposed to amend Section 1 of Article V of the Constitution of the Student Government Association.

**Student Help Needed**

As the Tunisian campaign comes to a head and the threat of invasion looms over the continent, the United States Government is launching the greatest financial drive in history—13 billion dollars to finance the war effort.

College students have a very vital stake in helping to raise this money. Many of their classmates have already seen action on the battlefronts and many of them will see action themselves in the near future. The money that they invest in War Bonds as students will guarantee them the finest equipment in the world to use as soldiers. Continuing the high standards that our armed forces have established depends in large part on the success with which this drive is met.

Any student of economics can point out the importance of the campaign to those who stay at home, for its impact will be felt on the home front fully as much as on the battlefield. Unless surplus purchasing power can be siphoned off into War Bonds and Stamps this country faces inflation and runaway inflation would wreck our entire economy—money would become worthless as prices soared, savings would vanish, production be curtailed, victory itself would be endangered.

This year the country will have an estimated forty billion dollars available for investment over and above current expenses. This money can be put to work in a number of ways. War Savings Bonds, Tax Savings Notes, and Treasury Bills. In addition the Treasury is offering a number of new issues designed for every class and type of investor so that everyone may participate in the drive.

Thirteen billion dollars must be raised to keep the factories turning out tanks, planes and guns; to feed, clothe and transport the men who are using those weapons; and, in the long run, to defend liberal education.

**What Does It Cost?**

What does it cost to come to college? That question interests high school seniors and their parents about this time of the year. Colleges all over the country are trying to help seniors answer that question. To that end, the following table is prepared by the Northwest Missouri State Teachers College.

The incidental, activity, and Book Rental Fee (in many colleges called "tuition") is \$20.

Board and Room at Residence Hall for Women is \$75 for the regular term, or \$70 if paid in advance. For the summer session it is \$62.50, or \$60 if paid in advance. For the half-term it is \$32.50.

Men may live in the Men's Quadrangle for \$21 a month in advance, during the regular term. For the summer session the rate is \$40 for the term. Those who wish to live out in town may do so for about the same figure.

Library and Textbook deposits, included in the incidental fee, will be refunded to the extent of \$3.00 when books are returned in good condition.

A special locker fee of \$1.00 is required of students taking physical education. Seventy-five cents of this fee will be refunded when the combination lock is returned.

The third group of 31 naval officers to form a class of diesel engineers at the University of Wisconsin began training recently.

"The Mexico I Like," by J. Frank Dobie, was published recently by the Southern Methodist University press.

Middlebury college has increased the credit value of laboratory sciences.

A bit of addition will show that the total necessary expense for one quarter for either men or women falls below \$100 a quarter. Taking out refunded deposits brings the figure still lower. Multiply the remainder by three, for the three regular terms in the year, and the figure falls below \$275 for a whole year at college, if room and board each quarter is paid in advance each term.

It is the desire of the College to reduce to a minimum calls for expenditure of money after the student has enrolled; hence, the incidental fee is made to cover the following items: incidental expenses of enrollment; one-fourth the price of a "Tower," the college annual; subscription to The Northwest Missourian, the college newspaper; tickets to most athletic events and other entertainments; hospitalization as described in the college catalog; the use of a locker; the use of textbooks.

In computing the actual cost of attending college, each prospective student should calculate what it costs to live at home in actual dollars and cents and then compare that with what it would cost to live at college.

Dr. Arthur H. Compton of the University of Chicago is retiring president of the American Association for the Advancement of Science.

Eleven faculty members of Macalester college recently participated in a "war" course for the public.

Nearly 200 former law students at the University of Texas are in the armed forces.

**The Stroller**

Senior Day is past, but pleasant memories remain for the Seniors and for the students of the college as well. Surprising how many of the collegiates turned high school seniors at the dance Monday. Of course, most of them got kicked out on their ears, but they did have fun while it lasted.

Eugene Brock from Forest City told the Stroller that he was not going to the dance. "Not with shoe-rationing on!" he said.

The seniors seemed to be particularly well impressed by the Quad and girls' dormitory. Most of the Senior boys expressed appreciation for the parlor at dormitory. Anticipation of future evenings to be spent in that same parlor, perhaps!

The Dance Clubbers are anxiously awaiting your presence at their recital tomorrow night. Don't forget.

"The biology department is advertising a little, isn't it?" the Stroller heard somebody say to the young lady who was giving the picture show for the department. The Stroller admits it, generously, for the department.

The swimming exhibition was really grand, but the swimmers decided that they would prefer taking their daily dips in smaller doses.

Among the girls who seem to have leases on the time of the W. T. S. men are Claire Wallace, Mary Lee Wharton, Dorothy Steeby, Joyce Fink, and Emma Poston.

The Varsity Villagers entertained the W. T. S. boys royally Saturday night at a "Canteen Party."

Many of the former students were back Monday in the role of instructors.

One of the reporters for the Northwest Missourian wrote that two seniors from Fairfax "came to Senior Day with a duel purpose." Surely not! The Stroller could not believe the days of duels are still here.

One senior group which was being conducted through the stack rooms in the library noticed the study places in the back. One person asked, "Is that where they lock you up when you do not behave?"

The Alpha Sigs, bless their hearts, really did have their theater party. The Northwest Missourian has already reported it twice—pre-writes written as though the thing had happened. This time it took no chances—it waited until after the party was over and got an Alpha Sig to write the story. Q. E. D.

Lila Bartles and Jean Mills, from Northboro, Iowa, enjoyed themselves thoroughly until it was announced at the dance that girls had to do the cutting. That was too much. Bashful, oh?

Reporter: "What large boxes for food?"  
Senior: "And are we full! We couldn't even drink all of the Pepsi-cola!"

**Professor at Berkeley Studies Earthquake**

BERKELEY, Calif. — (ACP) — Earthquakes are an every-day affair to Perry Byerly, professor of seismology on the Berkeley campus of the University of California.

Records of the nine seismographs on the campus and others in the six out-stations show a yearly average of 650 shocks from all over the world.

The university seismographic stations on the Berkeley campus and on Mount Hamilton are the oldest in the Western hemisphere and among the oldest in the world. They were set up in 1887 at the instigation of an astronomer, E. S. Holden, former president of the University and director of Lick Observatory, and a geologist, Prof. Joseph LeConte.

The Berkeley station is also the headquarters of the Seismological Society of America, and the Society's Bulletin is published there under editorship of George D. Louderback, professor of geology at the university.

**War Has Not Improved Standards of Living**

AUSTIN, Texas—(ACP)—Increase in the total American income picture is not necessarily reflecting improved standards of living all down the line, Dr. Ruth A. Allen, professor of economics at the University of Texas, believes.

"For those who were unemployed and who have come into employment as result of the great war industrial expansion, the standard of living has certainly improved," she declared. "But for those who were already employed and whose wages have been only increased to some extent, the standard has not risen appreciably because the cost of living has been going up more rapidly than wage increase rates."

Although the total American wage payment is larger now than ever, Dr. Allen pointed out, this is because there is the greatest number of people working, not necessarily

because the pay rates have been tremendously increased. This, however, is a regular effect shown by the recovery swing, she points out.

**The Collegiate World**

A torn scrap of newspaper has resulted in a correspondence between Anne Bolivar, Westminster college co-ed, and a United States army sergeant 6,000 miles away in New Guinea.

It all started when the sergeant found Anne's picture on a piece of old American newspaper in the steaming, rain-soaked jungle. Since he hadn't seen a woman in a long time, the sergeant decided to write to the pretty co-ed.

The picture had been distributed last October by a national newspaper syndicate. It showed Miss Bolivar in a tree picking apples to help offset the Pennsylvania farm-labor shortage at harvest time.

A University of Texas freshman, 15-year old Todd Lowry, is the world's youngest owner of a "Seeing-Eye" dog.

Lowry, blinded six years ago when a gun he was cleaning accidentally discharged, is planning to study law. He spent last summer at the Seeing Eye foundation in co-operative training with his canine companion, Duchess.

In 1940 Thomas L. Powers, former dean of the Columbia university school of business administration and national director of the Committee to Defend America by Aiding the Allies, helped write the selective service act.

Now he is Private Powers, a trainee at the army air forces base in Atlantic City, N. J. He was drafted.

Glady's Merrill, senior, is the only co-ed at Washington State college currently majoring in animal husbandry.

Northwestern university now has 1,916,565 square feet of floor space that is used for educational purposes.

# [ Social Activities ]

## Curriculum Expert Is Entertained at Supper

Mrs. Hazel Ott, one of the editors of Compton's Pictured Encyclopedia, was a visitor at the College last week Wednesday, March 7. Mrs. Ott is a Curriculum expert, being the Curriculum Director for Compton's. She was formerly president of the Madison, South Dakota, State Teachers' College, the State Superintendent of Schools in South Dakota, and an instructor in curriculum at Teachers' College, Columbia University.

Wednesday evening, Mr. J. C. Aldrich entertained at a buffet supper at his home, honoring Mrs. Ott. Other guests included Miss Mary Keith, Miss Dora B. Smith, Mr. E. E. Seubert, Miss Mary Ann Busby, and the following students who are practice teachers in English or social science: Joyce Pink, Wanda Cox, Margaret Hackman, Rachel Taul, Ruth Woodruff, and Joy Hagge.

Mrs. Ott spoke informally to the group on the subject, "Present Curriculum Trends," and answered questions in the discussion which followed.

## Three Attend District Conference for Rotary

The College was represented at the 134th District Conference of Rotary International, held in Excelsior Springs, April 5, 6, and 7, by President Uel W. Lamkin, Dean J. W. Jones, and Mr. R. E. Baldwin, registrar. At the conference, President Lamkin was elected to the office of District Governor.

Mr. Baldwin presided at the breakfast on Wednesday morning.

The conference chairman, Tracy E. Dale, superintendent of schools in St. Joseph, is a graduate of the College, as is also W. Leo Daffron, principal of Benton high school of St. Joseph, who is president of the Southwest Rotary Club in St. Joseph, one of the two sponsor clubs for the conference.

The St. Joseph Rotary Club and the South Side Rotary Club entertained the conference at Excelsior Springs because hotels in St. Joseph have been so utilized by the United States Army that they could not accommodate the number of persons who would attend the conference. The headquarters for the conference was the Elms Hotel, Excelsior Springs.

## Two-sided Educational Program Is Announced

EVANSTON, ILL. — (ACP) — Northwestern university's educational program for the duration will be (1) to help defeat the Axis, and (2) to maintain well-rounded educational opportunities for women students, men in deferred categories, and freshmen under draft age.

This two-sided program was announced by President Franklin B. Snyder in a message to undergraduate students and to freshmen who will enroll in the university for the summer quarter.

"The university," President Snyder said, "will co-operate with the army and navy in providing specialized war training programs to the limit of its capacity." "Already the university is carrying on many such programs," he said.

"Continuation of an extensive war training program will not prevent the university from carrying on its regular educational work for students who are not in armed service," President Snyder said. He emphasized that housing facilities will be available for the undergraduate student body.

President Snyder said that 17-year-old students who wish a full year of college training before entering the armed services will be able to take courses which have been strengthened in the fields of mathematics, chemistry, physics, engineering, pre-medicine, and pre-dentistry.

Commenting on the impact of war on social life and intercollegiate athletics, President Snyder said that the university believes that especially in time of war a sane social life and properly controlled athletics are worthy parts in the total educational experience and that the university will make adequate provision for both.

"Social life will be simple, inexpensive, and democratic," he said. "Athletics will be carefully planned for the benefit of the entire student body. Both will be open to members of the military training program, as well as to civilian undergraduates."

**Mrs. Murry Joins Husband**  
Mrs. Curtis Murry, formerly Miss Glenna Walton, left last Sunday for Los Angeles, California, to be with her husband who is stationed in an army camp near there. Mrs. Murry, whose home was in Stanberry, resigned her teaching position in the King City schools two weeks ago.

Oletha Harris was one of the five visiting seniors from Darlington. She is valedictorian of her class.

## Upperclassmen to Be Faculty Guests

### Tonight at Residence Hall Annual Formal Party Will Be Held.

Tonight the faculty members and upperclassmen will don their party clothes for the Faculty Reception to be held at Residence Hall from 8:00 to 9:30 p. m.

The Student Affairs Committee is in charge of the Reception. All faculty members, faculty wives and staff members will be hosts and hostesses ready to greet and get acquainted with the students of the sophomore, junior, and senior classes.

In the receiving line will be President and Mrs. Uel W. Lamkin, Dean and Mrs. J. W. Jones, Miss Marian B. Lippitt, and Mr. and Mrs. Harold Neece.

Mrs. Virgil F. Parman, Mrs. Julian C. Aldrich, Mrs. Jewell Ross Davis and Miss Beatrice Merkhofer will pour.

Chairmen of the various committees are: Wrap, greeting, introduction to the receiving line, Mr. R. E. Baldwin; Circulating hosts and hostesses, Miss Estella Bowman; End of the line, Miss Dora B. Smith; Replenishing, Miss June Cozine; Removing plates, Mrs. Norvel Saylor; Music, Mr. Reven S. DeJarnette and Mr. Virgil F. Parman; Flowers, Mrs. Frank Horsfall; Refreshments, Miss Ruth Villars; Committees to see that guests are served, Miss Chloe Millikan.

Honor guests will be Mr. E. C. Curfman, president of the Board of Regents and Mrs. Curfman.

## Salmagundi

A mixed dish, as of chopped meat and pickled herring, with oil, vinegar, pepper, and onions.

Mr. R. E. Baldwin, registrar of the College, is all puffed up. If anybody asks why, Mr. Baldwin pulls out his program of the district conference of Rotary International and shows his picture alongside that of Will Durant.

Dorothy Rickman, from Pickering, said, "I think Residence Hall is swell. I'm going to stay there when I come to school." And Jacqueline Royer from Essex, Iowa, was also enthusiastic with her "Gee, this is swell!" speaking of Residence Hall.

Bill Olsen, with a group of boys from Essex, Iowa, touring the girls' dormitory said, "Oh, yes, there are some girls in our class, somewhere. I guess they got lost."

Francis Welch, from Parnell, while making a tour of Residence Hall, said, "This is really a snazzy place. I'd like to go to school next year, but I'll probably go to the army."

Harold Job, better known as "Jobie," from Maryville, said, "I think it's a real privilege to get an idea of what they do here at the College."

Slightly bashful Lloyd Huitt, from Pickering, said, "I'm not going to the dance this afternoon, but I'm having a good time anyway."

As well as having a good time, many of the Seniors got pretty tired before Senior Day was over on Monday. That, at least, was the comment that Alta Stanley from Mercer gave as she rested before going to the afternoon assembly.

"Now, have all your rooms clean for Senior Day, girls," said Miss Truex. Came Monday and every room was open in Residence Hall for inspection—except Miss Truex's.

Mrs. Lucile Hass Wilson taught at Benton, Iowa, for her husband, Lawrence Wilson, so that he could come to the College on Senior Day. "That counts for being boss," said Mr. Wilson.

Shirley McGuire of Westboro, here for Senior Day, just adores red hair. She wants to be a beauty operator and picked out Evelyn Potter, at the registration table, as "that girl with the bee-audful red hair!"

Mrs. Robert Fraser and baby daughter, Lois Marie, are living in Maryville now with her husband's mother, Mrs. Lula Fraser. Sergeant Fraser is with a medical battalion in the army. Both Sergeant and Mrs. Fraser are former college students. Mrs. Fraser was formerly Miss Loretta Reimer.

Miss Elcota Bender, who is teaching at Pella, Iowa, was a campus visitor on Wednesday and Thursday. She is teacher of English there, but has taken over art classes also since the art teacher was called into service. Miss Bender took her degree from the College last summer.

## Alpha Sigma Alpha Has Theatre Party at Tivoli

Alpha Sigma Alpha entertained with a theater party Saturday night, April 10, at the Tivoli. From 9 until 11 o'clock there was dancing and card games in the lounge. Refreshments were served before the group went to the mid-night show.

Invited guests were Mr. and Mrs. Albert Kuchs, Mr. and Mrs. J. W. Jones, Mr. and Mrs. F. M. Townsend, Mr. and Mrs. Charles Bell, Mr. and Mrs. Clun Price, Miss Marjorie Elliott and Miss Inez Lewis, sponsor.

### Householders Meet

The Householders' Association met in Social Hall last Monday evening. During the business meeting a nominating committee was selected and plans for entertaining the Varsity Villager girls were made. A representative from the dormitory gave a talk on the student counciling plan in the dormitory.

Marcella Boedeker of St. Benedict's, Clyde, said, "I have enjoyed the day very much. I think that the people around here seem to be so friendly and the faculty so courteous."

Ivan Atkins and Donald Benner, seniors from Maitland, both expressed the fact that they were having a good time on Senior Day. They also said that the class had been eager for Senior Day to arrive.

"We're having a big time," said Lee Thurnau on Senior Day. He is a senior from Craig High School. Patsy McGinness, also from Craig and a sister of Shirley McGinness who was a student of the College last year, expressed the fact that she and the girls she was with were all having a grand time and really enjoying the day.

Marjorie Bowen, senior from the Union Star High School, told about going to see the various buildings on the campus and remarked that she liked the library best. "I wish we had a library like that at our school," said Miss Bowen. She was eagerly looking forward to the afternoon assembly and remarked that she thought she was most interested in hearing the musical presentations.

Pat Moore, from Oregon, was greatly impressed by the beauty of the College campus.

Twelve seniors from DeKalb, Missouri, left home at 5:45 and traveled 65 miles to participate in Senior Day, according to little Lucille Martin, one of the seniors. "I like the dormitory, so far," said Lucille, "better than anything I've seen."

Donna Lea Henry of Horace Mann High School had the honor of being the first senior to have her voice recorded in the recording machine, which Mr. John Rudin of the Speech Department was manipulating.

Louise Birch, Braddyville, Iowa, was interested in the chemistry and physics laboratories. She said, "I thought I wanted to go to college, now I know I do." Other Braddyville seniors visiting the college were Marlene Young, Mary Moffit, Anna-belle McCurly, Lester Williams and Lowell Reed.

Betty Wilson, Dorothy Rickman, Dennis Rice and Floydine Alexander Pickering High School seniors had voice recordings made. They were especially impressed with demonstrations in the speech and biology departments as they have background courses in these subjects.

Marilyn Bailey, sister of Georgia Bailey of the College, from Oregon, is making plans for coming to Maryville next year. She is going to work on a physical education major.

Two of the three seniors here from Harmony were cousins—Edith and Celia Berkenholz.

## Message to Seniors

April 12, 1943

To Our Guests, the High School Seniors:

I regret very much that it is impossible for either me or Dean Jones to be at the College today when so many of you have accepted the invitation to come and spend the day at this institution, which the State of Missouri maintains for you. A very important meeting of the Educational Conference in Jefferson City takes us away.

May we wish for each of you everything that you would have in life, and may we express the hope that you will find the day spent with us here both profitable and enjoyable.

Sincerely yours,

UEL W. LAMKIN,

President.

From Essex, Iowa, came Coach William McMullin and twenty seniors, the entire personnel of the class. Mr. McMullin, a recent graduate of the College, is the class sponsor.

Forest City High School came to Senior Day sponsored by Maurice Cook, 1942 graduate of the College. Mr. Cook, formerly a member of the College dance band, is principal of the school and teaches music and mathematics. Mrs. Cook accompanied the group, which made the trip from Forest City in the school bus.

Louise Morris, Nadine Wallace, and Floydine Alexander are three seniors from Pickering who plan to come to Maryville to college.

H. H. Vanderflute, who will be superintendent of schools at Blockton, Iowa, brought 14 out of his 15 seniors. Maxine Walton could not come as she had recently had measles.

Richard Browning and John Henry Hartness from Elmo will go to the army on May 1. Their superintendent, Mr. Edward B. Daniels, a graduate of the College, said that these young men would be graduated from high school on April 30. Superintendent Daniels brought his seniors for Senior Day.

Louella Miller and Maxine Hall, seniors from Fairfax, came to Senior Day with a dual purpose. They came to make plans for taking the N. Y. A. machine shop training here and to enjoy the day with the rest of the class.

Allene Martin from the same town said, "I'd like to come to school here—maybe I will."

Eleanor Fitzgerald, Oregon, was another visiting class valedictorian on Senior Day.

A group of seniors from Agency, Missouri, are eagerly looking forward to their Junior-Senior Banquet which is scheduled in the near future, according to Ida Mae Lash, a senior from that town, who visited here.

Joyce Ingram, from Parnell, admitted that she was really enjoying herself and the Senior Day activities. "I'll probably be coming to school here next year," she said.

Bob McKinley of College Springs, Iowa, is trying to get into a Navy Reserve program so that he can go to college next year.

Vivian Wilson, a College freshman, was busy guiding her hometown seniors around the campus Monday. Among this group from Skidmore, were Geraldine Yeager and Marilyn Colwell.

Bud Morehouse, Bill Gill, and John Russel, three boys from Hopkins, would like to come to school here and carry on the traditional basketball records set by Hopkins students here.

Darlene Showalter was the proud escort of her little red-headed senior sister, Mary, who is from Sheridan, got a real taste of college life as she spent the night in the dormitory. Said Mary, "It's really fun to stay in the dorm."

"The thing which I enjoyed the most was the furnished room. We have been studying this in Home Problems class at home," said Margaret Louise Miller from Union Star. Susie Mae Bollinger also of Union Star said, "The blueprints interested me the most."

Harold Norris from Redding, Iowa, said, "We are not going home until we all are ready. This is our day to howl!"

Natalie Barnett and Betty Bell were the only two Seniors from Gallatin here for Senior Day. They came earlier in the week and visited Mary Alice Wade, Jenny Moore, and Helen Mündell, College freshmen from the same town. Natalie and Betty help publish their high school paper which comes out every two weeks. Both of these girls are "thinking seriously of attending Maryville STC next year."

Lawrence Zifras and Nova Soranson, seniors from Stanberry, Missouri, are going to the army soon after they graduate.

Dorine Coffey of Stanberry, plans to take a business course somewhere after graduation.

Nine seniors from Avalon, Missouri, took particular interest in looking at Joyce Pink's dormitory room. Joyce is also from Avalon.

It was almost just another day to Florence Hollensbe, from Horace Mann Training School, because she is carrying some college courses which meet on Senior day as well as any other. She could be seen studying hygiene, furiously in the halls. With her, from the same school, were Bonnie Lee Henry, Irene Mumford, Jean Henson, Anna Kisor, and Beatrice Turner.

Betty Furhman, from Bellevue, plans to major in chemistry or physics. She is trying to decide whether to go to the University of Missouri or to come to the College here. She was interested in the chemistry laboratory. "I'd like to go back and make a good examination of that laboratory," she said.

Two listeners in the speech classroom while the recordings were being made were Eula Dunkle and Helen Luther from Maitland High School.

## Those in Service

### In Service Personals

Ray Newlon, aviation cadet, at Blytheville, Arkansas, writes that he is now in twin-engine advanced flying. "If everything goes all right," he says, "I should get my wings and commission in about two months." He expresses appreciation for the Northwest Missourian, saying it is about his only way of keeping up with old friends who are in the service.

### Major Praises Men

In a letter to Dean J. W. Jones, Major Glade Bilby, former student of the College, writes from Tripoli, Libya. "Here we are in a fast growing, fast moving theater of operation, and in this outfit, almost everyone is A-1." Major Bilby is enthusiastic about the men who serve with him.

Captain Ralph E. Palmer has arrived safely at a destination in the South Pacific according to a letter received by his parents, Mr. and Mrs. D. R. Palmer of Maryville. He had been stationed at Camp Elliott, San Diego, California.

Major Max V. Kirkbride has been transferred from Camp Young in California to Camp Campbell, Kentucky.

Kenneth Hantz is now with the United States Navy at the Naval Training Station at Farragut, Idaho.

Lieutenant Russell Noblet, Maxwell Flying Field, Montgomery, Alabama, writes that he saw Anthony Eden of London recently when Mr. Eden with a group of officers was making a tour of inspection.

### Sgt. Harvey Thompson Is Stationed in Africa

Friends of Harvey Thompson, a former student of the College, have received letters from him recently coming from "Somewhere in Africa, sometime in March." Sgt. Thompson is in the Signal Corps branch of the Army and has been in Africa only a short time. He enlisted in the Army in August, 1942.

Concerning his new location, Sgt. Thompson wrote, "We are in a strange country amid many strange people. The weather here is quite similar to that in California. We are living in pup tents and sleeping on the ground. We no longer are able to enjoy many of the luxuries we had in the United States, but I guess we will soon get used to that. Most of the people around us are natives. I guess they are Arabs. They go around following a bunch of old poor cows or sheep. In addition to the natives there are also a number of French. They generally dress better and appear better than the natives."

Having recently visited a nearby city, Sgt. Thompson wrote about what he saw there, noting the absence of automobiles, with bicycles, and small one-horse carriages in their place; remarking about the stores and shops operated by the French, selling beautiful leather goods. Sgt. Thompson wrote, "I had fun this afternoon trying to trade with the French girls. Some of them can speak a bit of English. I see right now that I would have gotten along much better today had I taken some French at school."

### Miss Bennett in WAVES

Miss Freda Mae Bennett of Columbia, daughter of George Bennett of Burlington Junction, was sworn into the WAVES March 17 at Kansas City and is now awaiting her call to service.

She was graduated from the Graham high school in 1922 and from the STC in Maryville in 1927. In 1937 she received her Master's degree at Corvallis, Ore. The last five years she has been clothing specialist of the home economics department of the Missouri Extension service at the University of Missouri.

Miss Noblet Joins WAVES  
Miss Betty Noblet, a graduate of the College, has been sworn in as a WAVE and is now at home awaiting her call for training. Miss Noblet gives up her position as surgical nurse at the Martin Landfather hospital to go into the Navy.

A girl from Maryville High, Shirley Smith, had her voice recorded on one side of a record, while Vern Hillman, also from Maryville High School had his voice recorded on the opposite side of the record.

Looking over the campus from Maryville High were Joyce Agler and Garlan Robertson. "No, it's not very new to us, but we're having fun and are going to the dance this afternoon," they said.

**ASK THE SERGEANT IN INDIA**

"OH BOY, AMERICAN CIGARETTES!"

"AND COCA-COLA. FIRST COKE IN 3 MONTHS!"

"THINK OF IT, FINDING A CANTHEEN HERE."

"LOOK FELLOWS, SAME KIND OF BOTTLE WE USED TO GET BACK HOME."

"That's what a soldier wrote home about. Ask the man in the ranks how Coca-Cola rates with him. Ask the man behind the PX counter. They'll both tell you,—when it comes to refreshment, nothing takes the place of Ice-cold Coca-Cola. Energy-giving refreshment... quality you can count on... distinctive, delicious taste,—all combine to prove a point that needs no proving: The only thing like Coca-Cola is Coca-Cola, itself."

## State Teachers College Manual Arts Building

Student Election Campaign Is On! Three Men File for President

**Paul Baldwin**  
**Seeks Election**  
Is Member of Sigma Tau Gamma; Is Now Junior Senate Member.

A candidate for president of the student body for the coming year is Paul G. Baldwin. A junior, Mr. Baldwin hails from Long Beach, California, but is a native of Jesup, Iowa, and proud to be a product of the "tall corn state."

Mr. Baldwin graduated from Jesup High School in 1939. Throughout his high school career he proved himself a very capable leader. During his four years of high school life, Mr. Baldwin occupied three out of four possible class officer positions, including the presidency of his junior class. He was four years a member of the Playcraft Club which governed all dramatic presentations. He was president of this organization during his senior year. Twice one-act plays of which he was a member journeyed to the State Play Festival held annually at Iowa City, and each time he was awarded an excellent rating for his dramatic ability.

Paul likes sports of all kinds, and has actively participated in them. In high school he was a three year letterman in baseball and basketball. He was captain of his basketball team his senior year. He was a member of the student council two years, and served as vice-president of the council his last year. He was also very active in other extra-curricular activities. Upon graduation he ranked second in his class in the total number of points collected for participation in those extra-curricular activities.

Mr. Baldwin entered Long Beach Junior College, Long Beach, in the fall of 1939. Although he found himself in entirely new surroundings, he made himself known on the campus very early. He helped to organize and later became the first president of a new men's social club on that campus in 1940. He served as student manager of intramural athletics at Long Beach in 1940-41. He graduated from this institution with an Associate of Arts degree in June, 1941.

Forced to drop his educational ambitions for a year to earn and save sufficient funds with which to complete his college education, Mr. Baldwin turned to the aircraft industry, and was employed by the Consolidated Aircraft Corporation in San Diego.

Paul entered Northwest Missouri State Teachers College in the fall of 1942. Proving that he is a good mixer, Mr. Baldwin made many new friends very rapidly. He is an active member of Sigma Tau Gamma and is vice president of that organization. He is a junior senator on the Student Senate. His major is commerce and his minor is social science.

Throughout his high school and college career, Mr. Baldwin has always maintained a scholastic record that is much above average. He is twenty-one years of age and an outstanding candidate for the responsible office of president of the student body.

At present he is enlisted in the Navy V-7 program and will be allowed to remain in college until graduation.

—Gene Ready.

**Two Young Women Enter Race for Vice-President of Student Body**

**Elaine Gorsuch Files as**  
**Candidate Backed by**  
**Independents.**

Election of a student body president and vice-president always evokes the question, "Who has the experience and ability to carry the job?" Because we believe that Elaine Gorsuch answers that question we nominate her for the office of student body vice-president.

She is a member of the Junior class and in the past three years has proved herself capable of accepting and fulfilling responsibility. She has served on the Student Senate for seven quarters and thus knows the workings and place of that governing body in the life of the college students. Another office she holds is as vice-president of Residence Hall. One day Miss Truex remarked, of Miss Gorsuch, before this election was thought of, "I mention something to do for the Hall, and before I can turn around she has it done." Elaine is also a Dormalde at the Hall, proving that she is capable of helping others. Elaine is a member of Kappa Omicron Phi, Professional Home Economics sorority, and is vice-president of the Barkatze. Her interests are not limited. Though this maze of activities Elaine has not neglected her studies.

She has pep, enthusiasm, can get things done, and is interested in this college and her fellow students. You will not regret electing her vice-president of the student body.

—Eddie Johnson.

**Mona Alexander, Tri Sig,**  
**Places Her Name for**  
**Second Office.**

Mona Alexander, nineteen year old young lady, is outstanding in many fields. She is a graduate of Shenandoah, Iowa, High School and while in high school was elected successively as vice-president of the freshman and the sophomore classes. She was elected president of the junior class and the following year was elected to the Shenandoah Student Council.

Besides her executive duties, she was also interested in many extra-curricular activities. Some of the more important ones were the National Honor Society, Dramatic Club, and Girl Reserves of which she was president. She was also a cheer leader.

Before entering the College she was awarded the honor of being chosen the county winner of the Daughters of American Revolution contest.

Since entering the College in September, 1941, she has been a member of A. C. E., and a member of the Residence Hall Council for two years. She has been elected vice-president of Sigma Sigma and the Barkatze pep organization for next year.

She is acting president of the sophomore class.

Miss Alexander was chosen by the Faculty last year as a delegate to represent the College as a delegate to Leadership Training Camp at Camp Mimiwanga. She was General Chairman of Religious Emphasis Week and also chosen as chairman of 1943-44 student handbook committee.

Mona has a dynamic personality, possesses a good sense of humor, and goes about her tasks in an intelligent manner.

—Betty Gay.

**A. A. U. W. Honors**  
**Woman Scientist**

(Continued from Page One)  
made possible through a fund raised by the Northwest Central Region of the A. A. U. W. It was agreed that the first recipient should be a woman who by her capacity and her achievements should not only merit such recognition but set the standard of qualifications for the future.

Dr. Seibert sets the standard high. She was graduated from Goucher College in 1918. She took a job as a chemist in a paper mill in New Jersey. But she had set her heart on chemical research, and such was the brilliance of her mind and intensity of her purpose that one fellowship after another carried her forward to higher and higher honors. She received her Ph. D. at Yale in 1923. She was a Porter fellow in the University of Chicago in 1923-24. In 1937-38 she was a Guggenheim Fellow in Uppsala, Sweden. Since 1924 she has done experimental work for the National Tuberculosis Association. She has already won many medals and prizes.

Wesleyan university has recently been appointed a V-12 college in the navy's training program.

**Who's Who in W A A**

Carolyn Stickerod, a senior, is from Rock Port. While Miss Stickerod was in high school, she participated in the pep club, was a member of the school marching band, and participated in the other sports activities of the school.

In college, Miss Stickerod has a major in home economics. She also has a major in commerce.

Miss Stickerod is historian of the Women's Athletic Association. She also is a member of the twirlers of the College marching band, and she is the new president of the Barkatze.

**Class Studies Morse Code**  
The Horace Mann high school aeronautics class has begun the study of the Morse Code. J. L. Dougan, a student of the College, is teaching the class. Twenty-four students are enrolled in this class, which will continue for four weeks.

**J. L. Dougan**  
**Goes Into Race**  
Is Active in Organizations Here on Campus; Has Success Record.

J. Luther Dougan of Hamburg, Iowa, is a sophomore at the College. His major field is Social Science and his minor is English.

After Mr. Dougan graduated from the Hamburg High School, he took two years of post graduate work there, and in the fall of 1941 enrolled in the College.

During Mr. Dougan's college career he has been very active in college organizations. His work in International Relations Club, Y. M. C. A., Future Teachers of America and other organizations has been most valuable. He has also served as vice-president of his class.

The success of this young man in organizations proves his ability to work well with organizations and people. He has a license as an amateur radio operator and is doing his part for his country in college by teaching code many hours a month to the W. T. S. students who are here on the campus.

His scholarship is superior in spite of the fact he spends so many hours doing things for others.

Because of his past record and because he has proved to those who have worked with him his ability to do the things he sets out to do, the students of the College would do well to elect Mr. Dougan as their new president and to choose him to lead them through the difficult year ahead.

The only plank of the Independent's platform is a fair and honest government and Mr. Dougan and Miss Gorsuch will work hard and long to bring you students the kind of government you want and need.

—Rachael Taul.

**Texas U. Students Are**  
**Prepared for Post War**

AUSTIN, TEXAS.—(ACP)—When the war is over and the soldiers turn civilian again, University of Texas business administration graduates returning from service will be prepared to start looking for jobs immediately.

During the depression years, when jobs were hard to get, the school of business administration worked out an arrangement with students for preparation of printed "data sheets," carrying a picture of the student and a statement of his qualifications for employment.

"There are so many jobs open now that a student does not need the data sheet as much as in other years," Dean J. A. Fitzgerald commented, "but most of our graduates are having them printed this spring anyway. The boys plans to keep theirs and put them into circulation when the war is over and they are de-mobilized."

Each student has 200 copies of his data sheet printed. Half of them he uses himself in looking for employment, while the dean's office keeps the rest to distribute to companies calling for graduates.

Margaret Baker, violinist, accompanied by Betty McPherson, pianist, will appear on the Commencement program at Ravenwood High School on April 28.

**Alma Mater**  
COLLEGE SONG  
Let your voices loudly ring,  
Echo far and near;  
Songs of praise thy children sing,  
To thy men's dear.  
Chorus:  
Alma Mater! Alma Mater!  
Tender, fair, and true;  
Grateful sons, with love unfailing,  
All their vows renew.  
Years may dim our recollection,  
Time its change may bring;  
Still thy name in fond affection,  
Evermore we sing.  
Chorus

**BULLETIN**  
**Class Senators**  
Convention for nominating candidates for president and vice-president of the Student Body will be held Wednesday, April 21, at 2:00 o'clock.

**Nominations for Senators**  
from each class will take place at class meetings to be held after assembly, April 21.

**W A A Has Party for**  
**Fourteen New Members**  
The members of the Women's Athletic Association entertained new members, who were made eligible because of their participation in either basketball or volleyball, at a party at the gymnasium Monday night at 8 o'clock.

Those present besides the members and the sponsor, Miss Maxine Williams were the following guests: Betty Marie Smith, Betty O'Brien, Betty Richardson, Rosemary Tricand, Alice Marie Eberle, Francis Moffitt, Mary Jane Hoshier, Mary Watson, Barbara Webb, Dorothy Elmsinger, Darlene Sybert, Tharen Erickson, Florence DeVers, and Betty Gay.

**Lawrence's Team Wins**  
**Final Tournament Round**  
The semi-final round of the volleyball tournament was played Monday, March 29, at the gymnasium where Hoerman's team defeated DeVer's team by a score of 40-27. Lorraine Bortoff was the high point girl for the victors.

Hoerman's team met the undefeated team of Lucile Lawrence's in the final round March 31. Miss Lawrence's team kept its clean record by defeating Hoerman's team 32-21.

Lorraine Bortoff was the high point girl of the tournament. Miss Bortoff was a member of Lawrence's team.

Sixteen out of nineteen of the seniors from Essex, Iowa, were here for Senior Day. Mr. F. R. Prusha, who will succeed Ted Baldwin, a graduate of the College, as superintendent, accompanied the seniors.

Captain Mary S. Bell, director of the WAAO for the Seventh service command, formerly was dean of women at Coe college, Cedar Rapids, Iowa.

**Dennis Davidson**  
**Files His Name**  
Phi Sigma Epsilon Man Is Music Major; Enlisted Man in V-7.

Dennis Davidson is a senior from Maysville, Missouri, majoring in music and minoring in social science. Twenty-one years of age and a popular personality on the campus, he is well known because of his interest in music circles. He has played with the College Dance Band for three years and also with the concert band of which he was at one time president.

Better than average according to grades, he also has undertaken the task of teaching four hours a day at Skidmore High School in order to gain experience and a means of defraying college expenses.

He is well known in fraternity life through his affiliation with Phi Sigma Epsilon of which he has been an active member for the past three years.

He was chosen Business Manager of the Tower but could not accept as it interfered with his teaching.

He obtained his high school education at Maysville High School and was chosen the outstanding boy of the graduation class.

He is enlisted in the Navy's V-7 college program which assures him that he will be allowed to remain in college to receive his degrees, which will take three more quarters of work.

It is with this background and these qualifications that Dennis Davidson is presented for candidate for the presidency of the student body.

—Harold Don Haynes.

**U. of Cincinnati Gets**  
**Ancient Mastodon Tusk**

CINCINNATI, OHIO.—(ACP)—One more reminder of the kind of life which roamed this section of the middle west at the close of the last glacial period came to light recently with the unearthing of a mastodon tusk at Miamiville, Ohio.

The tusk, more than 25,000 years old, was presented to the University of Cincinnati museum.

"Coming from depths where such specimens are rarely found, the tusk is in unusually good condition, as ground waters have preserved it in a thin coating of lime," Dr. Rousseau H. Flower, curator of the museum, explained.

"The gravels in which this tusk was found," continued Dr. Flower, "were laid down by torrential streams resulting from the melting of the last great glacier. Skeletons of animals which were caught in such streams are almost always broken up and widely scattered, so the remains which are found from time to time usually consist of isolated pieces."

The present find, he pointed out, represents the basal portion of a tusk.

John Hall of Benton, Iowa, could not attend Senior Day because he is serving in the army. Mr. Lawrence Wilson, a graduate of the College, brought the other seniors. While at the College, Mr. Wilson made arrangements with Mr. Leslie Somerville to give the commencement address.

**Basket Ball Summaries**  
These statistics were compiled by Private Eldon E. Lawson, a former student of the College, who left with the E. R. C.

Gerald Lunsford, who is in a St. Joseph hospital, and Orpha Oulp were unable to come with the group from New Point for Senior Day. Mrs. Grace McGinnis, a graduate of the College, accompanied the seniors.

Keith McMillen from Union Star was the first of his group to arrive for Senior Day at the College. His mother, Mrs. Grace McMillen, a graduate of the College, teaches seventh and eighth grades at Union Star.

**Student Reported Killed**  
Leo Herrold, a former student of the College, according to a letter from Paul Carson, was killed in a plane crash in the South Pacific a few weeks ago. No further details have been learned.

Two hundred University of Wisconsin men are receiving training designed to toughen them and acquaint them with the tactics of the army Rangers.

Mrs. Mathilda C. Wilkin, oldest living graduate of the University of Minnesota, recently observed her ninety-seventh birthday with a party.

Dr. Josephine M. Smith, assistant professor of child development and in charge of the pre-school work at Washington State College, recently enlisted in the WAAO.

Sister Mary Thomas, formerly a staff member of the College of Chestnut Hill in Philadelphia, has been summoned by the government to conduct research on synthetic rubber in Washington.

The College Bearcat kept his eye on the High School Seniors all day. He looks a little fierce, but he is not—that is, when he is not engaged in a football or basket ball game against some opponent.
